**Use-Case Name:** 2.3 Delete Profile

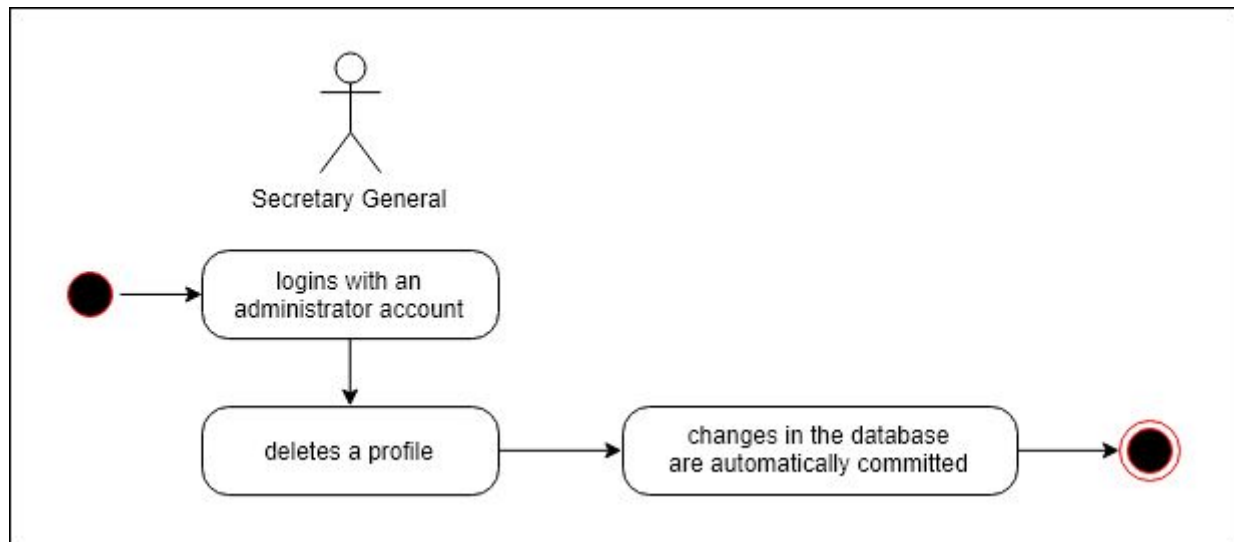

**Description:** Only the Secretary General may delete profiles from the database. In special occasions when it is deemed necessary, a profile may be deleted for reasons such as when the cat is too small to be neutered or when an animal has already been added in the database before.

**Preconditions:** An administrator account is required to be able to delete profiles

**Flow of Events:**

<i>Scenario Name</i>	<i>Description</i>
Scenario 1 (Basic Flow) A profile of an animal is deleted	1. The Secretary general logs in with an administrator account. 2. The Secretary General, through a UI, may view any of the following: all profiles in the database, profiles of cats, profiles of dogs, newly added profiles 3. The Secretary General deletes a profile and the changes in the database are automatically committed.
